## Question Difficulty

Very Tough : 7

Tough : 12

Average : 8

Easy : 3

The difficulty level of a question is calculated dynamically based on the performance of the students. Ex: The very tough questions are the ones that less than 20% of the students solved correctly.

## Student Performance

Good : 11  
 Average : 168  
 Poor : 114  
 Very Poor : 91

Student performance is calculated based on the marks that students obtained.

- > 90 : Excellent
- >70 to <= 90 : Good
- > 40 to <= 70 : Average
- > 20 to <= 40 : Poor
- 0-20 : Very Poor

### ✓ Score Comparision

**Rank : 4   Score : 21/30**

### Marks vs No. of Students

This graph shows where the majority of the students stand. The Peak of the graph signifies the marks that most of the test takers obtained. The arrow indicates where you stand.

**Note :** Your goal is to be as far to the right as possible, that is where all the toppers are.

### Rank v/s Marks

This graph shows the marks distribution among the test takers. The leftmost point on the graph shows the topper's marks while the rightmost point belongs to the person who stood last. The arrow indicates where you stand.

**Note:** Your goal is to be as far to the left as possible.

### Question 1 of 30

The question contains a statement followed by three Assumptions I, II and III. Find out which assumption(s) is implicit.

Statement:

The telephone company informed the subscribers through a notification that those who do not pay their bills by the due date will be charged penalty for every defaulting day.

Assumptions:

- (I) Majority of the people may pay their bills by the due date to avoid penalty.
- (II) The money collected as penalty may set off the losses due to delayed payment
- (III) People generally pay heed to such notices.

- A.** II and III are implicit
- B.** I and II are implicit
- C.** None of these is implicit
- ☒ **D.** I and III are implicit
- E.** All are implicit.

**Question 2 of 30**

The question contains a statement followed by two Assumptions I and II. Find out which assumption(s) is implicit.

Statement:

The railway authority has decided to introduce two additional super-fast trains between Cities 'A' and 'B' during the vacation time.

Assumptions:

- (I) All the passengers who desire to travel during vacation time will get a train ticket.  
(II) All other modes of transport between cities 'A' and 'B' are already overstretched.

- A. Only Assumption I is implicit.  
✔ B. Only Assumption II is implicit.  
C. Either Assumption I or II is implicit.  
D. Neither Assumption I nor II is implicit.  
E. Both Assumptions I and II are implicit.

**Question 3 of 30**

The question contains a statement followed by two Assumptions I and II. Find out which assumption(s) is implicit.

Statement:

The government has instructed all the premier institutes offering professional courses to reduce the fees by 50 percent and increase the number of students.

Assumptions:

(I) These institutes may be able to continue providing quality education with less fees and more students.

(II) The institutes may continue charging more fees to provide quality education.

- A. Only Assumption I is implicit.
- B. Only Assumption II is implicit.
- C. Either Assumption I or II is implicit.
- D. Neither Assumption I nor II is implicit.
- ☒ E. Both Assumptions I and II are implicit.

### Question 10 of 30

The question is followed by two arguments numbered I and II. You have to decide which of the arguments is a strong argument and which is a weak argument.

Should the public sector undertakings be allowed to adopt hire and fire policy?

Arguments:

- (I) Yes, this will help the public sector undertakings to get rid of non-performing employees and will also help to reward the performing employees.
- (II) No, the management may not be able to implement the policy in an unbiased manner and the employees will suffer due to the high-handedness of the management.

- ☒ A. Only argument I is strong.
- B. Only argument II is strong.
- C. Either I or II is strong.
- D. Neither I nor II is strong.
- E. Both I and II are strong.

### Question 11 of 30

The question is followed by two arguments numbered I and II. You have to decide which of the arguments is a strong argument and which is a weak argument.

Should the admission to professional courses in India be given only on merit without any concession to any particular group of students?

Arguments:

- (I) Yes, this will improve the quality of the professionals as they will be able to complete the courses successfully.
- (II) No, this will keep large number of socially and economically backward students out of the reach of the professional courses.

- A. Only argument I is strong.
- B. Only argument II is strong.
- C. Either I or II is strong.
- D. Neither I nor II is strong.
- ☒ E. Both I and II are strong.

**Question 12 of 30**

Question is followed by four arguments numbered I, II, III and IV. You have to decide which of the arguments are 'strong' arguments and which are 'weak' arguments.

Should all the management institutes in the country be brought under government control?  
Arguments:

- (I) No, the government does not have adequate resources to run such institutes effectively.
- (II) No, each institute should be given freedom to function on its own
- (III) Yes, this will enable to have standardized education for all the students.
- (IV) Yes, only then the quality of education would improve.

- ☒ A. None of the statements is strong.
- B. Only III is strong.
- C. Only I ,II and III are strong.
- D. Only I and III are strong
- E. All the statements are strong.

**Question 19 of 30**

In the question a statement is followed by some courses of action . A course of action is a step or administrative decisions to be taken for improvement, follow-up, or further action in regard to the problem, policy, etc.You have to assume everything in the statement to be true and then decide which of the given suggested course(s) of action logically follows for pursuing.

Statement:

There has been a significant drop in the water level of all the lakes supplying water to the city.

Courses of action:

- (I) The water supply authority should impose a partial cut in supply to tackle the situation.  
(II) The government should appeal to all the residents through mass media for minimal use of water.

- A. Only course of action I follows.  
☒ B. Only course of action II follows.  
C. Either course of action I or II follows.  
D. Neither course of action I nor II follows.  
E. Both courses of action follows.
